

POLICIES AND PROCEDURES

POLICY TYPE:	Workforce Services Participant Supportive Services Policy
EFFECTIVE:	August 1, 2023
REVISED:	July 1, 2026

BACKGROUND

Supportive Services is the use of funds to pay for services that are necessary to enable an individual to participate in activities authorized under the Workforce Innovation and Opportunity Act (WIOA) and special grant funds issued by Lane Workforce Partnership.

PURPOSE

The purpose of this policy is to establish procedures and limits for providing Supportive Services to WIOA eligible Adult and Dislocated Worker participants. While implementation of this policy pertains to all funding sources provided by Lane Workforce Partnership, the Workforce Innovation and Opportunity Act (WIOA) provides primary governance. WIOA regulations require a policy on Supportive Services that ensures equitable resource and service coordination in the local area. As the Local Workforce Development Board (Local WDB), the Lane Workforce Partnership (LWP) Board of Directors has established a system-wide policy for the provision of supportive services. This policy and implementing procedures contain guidelines for referral to such services, including researching first sources for participants. The provision of accurate information about the availability of and referral to other programs where support services are accessible in the local area, is one of the key elements that must be researched and made available to adults and dislocated workers through *WorkSource Oregon Lane* service delivery system.

POLICY

Supportive Services may only be provided to eligible individuals who have completed registration and WIOA eligibility and enrollment in I-Trac and are specifically enrolled in Individualized Career or Training services. There must be documentation in the participant file in eBridge that supports the participant's eligibility and enrollment as well as documentation that they are unable to obtain support services through their own means or through other programs which provide such services. Supportive

Services are only allowable when they are necessary to enable eligible individuals to participate or remain in authorized training or job search services.

Participants will be provided information concerning the availability of supportive services for their program area, to ensure understanding of the terms and conditions of assistance.

WIOA mandates partnering at the local area. Staff will work with partner agencies to provide support service packages made up of assistance from different sources to complete the provision of the participant's service needs, without which the participant would be unable to continue in training and career services activities. (For more information on LWP's requirements for braiding resources, reference the WIOA Co-Enrollment and Coordination of Services Policy.)

In Lane County, services related to training costs and supportive services are delineated between Direct Training Costs, General Supportive Services, and Supportive Services for Special Circumstances. Direct training costs are generally included in the scholarship award for training. General support services and Support Services for Special Circumstances are generally included in the supportive services award. Neither service category may exceed the limits as set in the Funding Caps and Limitations Policy. (See Attachment A Support Services Guidance for detailed information)

CATEGORIES OF SUPPORTIVE SERVICES

A. General Supportive Services (see Attachment A for a detailed table with specific items of cost)

1. Child Care Reimbursement
2. Mileage Reimbursement (Actual Miles)
3. Public Transportation (Bus Passes)
4. Clothing/Uniforms for Job Search or Employment
5. Work-Related Equipment/Tools Required for Employment

B. Support Services for Special Circumstances

1. I-9 Documents:
 - a. Driver's License – New, Reinstatement, & Fees
 - b. Copy of Birth Certificate or Naturalization Certificate
2. Counseling and Referral Services
3. Tutoring Services
4. Out-of-area job search assistance
5. Needs Related Payments

GENERAL SUPPORTIVE SERVICES

In order to receive Supportive Services, eligible participants must be enrolled in LWP funded Individualized Career Services or Training Services (excluding OJT). This policy pertains to all funded supportive services regardless of the funding source/special grant unless otherwise stipulated in the Service Provider's Contract.

The following reimbursement/payment criteria will apply:

- A. Child Care. Participants enrolled in Training may request childcare reimbursements based on individual need. Before requesting supportive service funds for childcare, participants must document that they have explored other options. If other resources are not available or appropriate, and supportive service funds are authorized for childcare, reimbursement will be made to the participant. Reimbursement to the participant requires verification that one of the following Oregon approved childcare providers are being used: 1) a licensed childcare provider; or 2) a registered childcare provider; or 3) a childcare provider operated by a school district or government agency. Reimbursement will only be made for times when the participant is actually participating in or attending a training or authorized service.
- B. Mileage Reimbursement. Participants may request to receive a mileage reimbursement based on their specific individual need. Participants must document in writing that public transportation is not available or would create an undue hardship based on school hours, work, distance traveled for interviews, distance traveled for employment prior to receipt of the first paycheck, and/or childcare commitments. Mileage reimbursement will be paid on actual miles traveled for scheduled activities. The mileage reimbursement rate is designed to cover fuel costs only. A mileage rate and limit will be published in the Funding Caps and Limitations Policy.
- For participants in need, a gas card may be provided for the initial support of the service. This shall be limited to only one gas card. The receipt for purchase of gasoline must be provided by the participant and uploaded into eBridge within one week of the provision of the service. All subsequent transportation support services shall only be provided through mileage reimbursements.
- C. Public Transportation. Participants will be encouraged to use public transportation to attend authorized activities whenever feasible. [Note: For those students who attend Lane Community College this service is paid for through student fees and shall not be provided through LWP funding sources.] Participants outside the community college system who are accessing public transportation to attend school may request a monthly bus pass.
- D. Clothing/Uniform. Participants may request specialized clothing required for employment or while in job search (such as scrubs or welding clothes). Those who successfully complete their training program and are engaged in job search activities such as internships, externships, and/or clinicals may request assistance for the purchase of clothing to attend job interviews and/or clothing to begin work.
- E. Work-Related Tools/Equipment. Special tools or equipment required for employment such as stethoscope, welding tools, special gear.

SUPPORTIVE SERVICES FOR SPECIAL CIRCUMSTANCES

If, during the participant's active engagement in services, it is determined that the participant needs additional assistance in order to successfully complete training and/or gain employment in their field of study, the participant may request assistance in the following areas: Driver's license reinstatement; Counseling and Referral Services; Tutoring; Reasonable Accommodations; and/or Out-of-Area Job Search.

The WIOA also allows for Needs Related Payments, which are addressed in this policy. However, the Local Workforce Development Board's Policy does not currently allow for the provision of Needs Related Payments.

Requests for Special Circumstances Supportive Services will be based on the following criteria: 1) justification of need; 2) documentation of "resource of last resort"; and 3) funding availability.

For needed services not specifically addressed in this policy, the WIOA Title I Adult and Dislocated Worker service provider must submit a request to LWP for approval prior to the provision of the service.

A. Work Authorization Documents: To be eligible to receive WIOA Title I support services, participants must have and maintain documented authorization to work in the United States. If, at a point in time following eligibility determination, a person has lost their documents and need assistance in replacing them, LWP support services policy will allow for the payment of fees associated with assisting the participant in obtaining the following documents as relates to satisfying the I-9. Payment must be made directly to the issuing government office and may not be made as a reimbursement to the participant.

a. Driver's License or DMV Issued Identification. Participants who are eligible for Oregon Department of Motor Vehicles Driver's License or Identification Card may make a one-time request for a new or reinstatement of their Driver's License/ID and fees. Youth participants may be provided with supportive services to obtain their first driver's permit and driver's license.

b. Birth Certificate or US Naturalization Certificate. Participants who need a copy of their birth certificate or US Naturalization Certificate may make a one-time request for assistance with the associated expense.

NOTE: In the event that the Driver's License or DMV Issued Identification was used to satisfy the requirement to verify authorization to work in the United States and the authorizing document has expired, the participant is not eligible for continued WIOA funded services.

B. Counseling and Referral Services. Participants may request counseling and referral services. Generally, these services can be obtained free of charge from partner agencies.

C. Tutoring Services. Participants enrolled in training may request to receive reimbursement for tutoring services. These services may be reimbursed from any Oregon Registered business or educational institution. Payment will not be made for the receipt of this service from friends, family members, peers, or other students.

D. Reasonable Accommodations. Reasonable accommodations for participants with documented disabilities may be provided.

E. Out-of-Area Job Search Assistance This service is designed to assist participants in seeking employment outside of Lane County under the following circumstances:

1. The Participant must be enrolled in training or have successfully completed a funded training program.

2. The participant must have a reasonable expectation of securing employment in the job search area and must provide the career advisor with verification of employer contacts.
3. The career advisor must include a case log or other participant file documentation which shows evidence that the employment sought by the participant in this activity is not available in the local labor market area.
4. Transportation for out-of-area job search will be by the most economical means available, which reasonably meets the needs of the participant at the established rates.
5. Costs associated with this activity must be approved prior to the participant's job search. Costs incurred that did not receive prior approval will not be reimbursed. The participant must provide lodging, gasoline, and miscellaneous purchase receipts to obtain reimbursement for the agreed upon items. Anticipated expenses may not be pre-paid.

For more information on allowable support services, refer to Attachment A – Supportive Service Guidance.

- F. Needs Related Payments WIOA funds may be used to provide needs-related payments to adults and dislocated workers, respectively, who are unemployed and do not qualify for (or have ceased to qualify for) unemployment compensation for the purpose of enabling such individuals to participate in programs of training services under subsection (c)(3) of WIOA. A dislocated worker who has ceased to qualify for unemployment compensation may be eligible to receive needs-related payments only if such worker was enrolled in the training services 1) by the end of the 13th week after the most recent layoff that resulted in a determination of the worker's eligibility for employment and training activities for dislocated workers; or 2) if later, by the end of the 8th week after the worker is informed that a short-term layoff will exceed six (6) months.

Currently, the Local Workforce Development Board policy does not allow for the provision of Needs-Related Payments. If needed, based on economic conditions and the availability of WIOA funds, a Supplementary Needs Related Payments Supportive Services Policy will be activated.

CATEGORIES THAT ARE DIRECT TRAINING.

All direct training costs shall be included in the Scholarship award and are generally not included as part of the support service award.

Direct Training Payments. The cost of direct training may include: tuition, fees, lab fees, training certifications, class required books, occupational testing or licensing fees, training related certification/exam/licensing preparation or fees, uniforms or other items required by a training/educational institution or provider necessary to participate in or successfully complete a training program.

APPROVAL/PAYMENT PROCESS

Once it has been determined that supportive services are appropriate and not available from other resources or agencies, the provider will establish and follow an approval process that includes the following:

- A. Reimbursement for Childcare - Participant must complete a childcare reimbursement form with days, hourly/daily rate, number of children, and reason for childcare with a signature attesting the information provided is true and in accordance with the training/employment plan
- B. Mileage - The participant completes a mileage form stating days, odometer readings, total miles, and purpose of travel with a signature attesting the information provided is true and in accordance with the training/employment plan.
- C. Reimbursements/Payment for other items such as uniforms, computers and tools will be provided when required documentation has been collected supporting the provision of the service. The participant request must include a receipt and a signature attesting the information provided is true and in accordance with the training/employment plan.

REQUIRED DOCUMENTATION FOR SUPPORT PAYMENTS

The following documentation requirements apply to each payment request:

- A. Requests must be on Lane Workforce Partnership approved forms.
- B. Requests must have all required attachments as outlined in this policy to adequately support the expenditure and must be available for all monitoring and audit requests.
- C. Receipts must be an official vendor receipt that clearly states the date of purchase, the vendor's name, and the amount.
- D. Childcare reimbursements made under this policy shall be based on actual amount(s) as verified via participant signature. Original receipts must be provided for all childcare paid in advance and be made out in the name of the participant. Additionally, the receipt must display the name, address and phone number of the provider.

NOTE: All reimbursements to participants shall be made within 60 calendar days from the date of purchase and within the program year. Reimbursements to participants older than 60 calendar days cannot be made.

RESPONSIBILITIES

- A. The request shall contain the name(s) and position titles of those persons delegated responsibility and identify specific areas of responsibility. Upon approval by LWP, the subcontractor or agency shall be authorized to administer this policy.
- B. The WIOA Title I Supervisor is responsible for administering this policy and ensuring compliance with procedures.
- C. LWP is responsible for ensuring compliance with the Act, Rules and Regulations under the Act including the allowable, allocable, and reasonableness of costs.
- D. LWP may approve exceptions to categories and limits upon the written request. Such approval will be documented in eBridge, the electronic data storage system of Lane Workforce Partnership.

- E. The LWP Executive Director is the final authority for the approval of Exceptions to this policy. **The Executive Director may delegate approval authority as necessary to implement this policy including the approval of Exceptions.**

IMPLEMENTATION

LWP will annually issue limits applied to payments made for Supportive Services and Training Payments. When necessary, LWP may modify this policy through the issuance of procedural memorandum or formal policy modification. These documents shall be considered a part of this policy issuance.
